		<p>The revised pricing as set forth above is intended to provide General Aluminum with higher pricing to address recent market fluctuations. General Aluminum and CCMI will review the metal portion of the pricing against current market conditions on a monthly basis.</p> <p>Metal portion pricing (Supersedes Original Pricing Formula on page 1): As previously agreed above, the Metal pricing formula is based on Platts Monthly Report published by S&P Global. Current months production will be based on: two (2) months prior Midwest Transaction price multiplied by .93% plus 7% of the Silicon published price (533 Grade Del US Midwest) plus an Adder of \$.10 per pound. April pricing based on February published pricing: $\\$1.8412 \times .93 = \\$1.7123 + (4.4438 \times .07) = \\$3.111 + \\$1.10 = \\$2.1234 / \text{pound}$</p> <p>*</p> <p>Fixed portion pricing for economic recovery of increased wages, utilities and transportation shall be in the amount of \$7.95 per piece.</p> <p>*</p> <p>No incremental or unexpected costs will be accepted by CCMI without prior written authorization. General Aluminum is responsible for all costs and expenses necessary to fulfill its obligations under this amended and restated Purchase Order, as set out in the Terms.</p> <p>*</p> <p>Volumes are estimates only and coincide with Customer releases. CCMI cannot guarantee volumes or releases, other than as to the binding portion of any FIRM release provided by CCMI.</p> <p>*</p>
